DON'T BE DISCOURAGED

By Ruth Taylor

The news is dark today, doubly dark because of the ray-colored optimism of yesterday, when, flushed with minor successes, we ignored the fact that the enemy was plugging straight ahead. The news is dark, but the end is not yet. We are partners in history in epoch making days that will go down in the annals of the future. Seen from that perspective will these days look darker than those troublous times after the rout of the Battle of Long Island, or the dark days at Valley Forge? Will the advance of the enemy loom more ominously than the flames of the burning of Washington? Will the smoke clouds of the burning ships appear more of a threat to the nation than the burning of the White House in the darkest days of the Civil War?

We aren't licked yet—and we won't be unless we get discouraged. To avoid this error we must seek an inner calm. We must remember that the end will not come until the right end comes. We must pray for the strength that endures. We must avoid jubilation or gloom over victories and defeats alike. We must learn to think for ourselves and not draw our opinions exclusively from the radio, the newspapers, the news papers and the confidential statements of so-called experts. We must use our own good judgment in believing what we hear—and we must keep our sense of humor. We must learn to surmount our fears with faith, to conquer rumors with reason and to bury our own personal trials and tribulations in work for others.

In this way we can do our share toward keeping up the morale of the nation, for public morale in war or in peace is the task of the individual. The men and women who make up public opinion alone can fight the disruptive, divisive attacks of discouragement, which are the forerunners of defeat. It is exactly like Kipling's tale of the little rivet who grew discouraged at its great task of holding the big ship together and pulled out. All the other rivets followed him, and the ship sank. We must not be discouraged about the future either for ourselves or our children. The land and its resources

DIVIDE YOUR DOLLAR With Your Neighbor

Everybody has a certain amount of civic pride—that sort of pride which helps make a village a town, and a town a metropolitan city.

The growth of any community is dependent upon the support given its citizens. If you fail in your cooperation, your whole town either stands still or goes back.

If you uphold your town by sustaining it wholeheartedly, you help yourself and the community. Buy at home! Be neighborly with your dollar!

Divide your dollars among your merchants and others who have the interests of Elba at heart. Help them and they will help you to greater values—for increased volume means decreased costs.

Elba needs your support and you need the support of the town. Let's get together and share our dollars for a mutual prosperity.

100,000 MEN WITH SEA EXPERIENCE ARE NEEDED

A drive for the registration of all men with sea experience has begun in Dathan by the U. S. Employment Service, according to L. C. Dennis, manager of the employment office at 146 North St. Andrews Street.

"Two thousand new ships now scheduled for production will require 100,000 seamen, radio operators, cooks, engineers and officers to man them," Mr. Dennis stated. "Any man who has once been to sea can do his country no greater service than to ship again. This war will be won by the side that gets there fastest with the most men, and whether that side is our side depends upon the men who sail our ships."

New ships with new comforts, good food, and shore clubs restricted to the merchant marine await the Victory fleet sailors, Mr. Dennis added. Pay has also been greatly increased. Able-bodied seamen are making \$300 a month, radio operators \$400, engineers \$450, cooks \$300, and officers even more. In addition, each man receives free life insurance and the amount of \$5,000, and disability personal effects insurance. Hospital service and dental care are also given without charge.

The latest safety devices and fully stocked lifeboats are reducing the hazards of sailing in wartime, and practically all ships are sailing now in well protected convoys. It was pointed out.

The registration drive will continue for 10 days. Men who register their willingness to join the merchant marine again will then be called as needed.

Fresh apples will be a Victory Food Special nationally during the period September 17 through September 25, announces the Department of Agriculture.

A bathtub, lavatory, and commode made of porcelain need special care. A cloth dampened in kerosene or gasoline (do not use either in room with fire) will clean porcelain quickly.

Watch the fall garden for worms and bugs—they will destroy fall turnips, cabbage and collards if a close watch is not kept. At the first sign of destruction from these pests, dust the plants with rotenone or a mixture of 1 pound of lead arsenate, 2 pounds of hydrated lime and 1 pound of flour.

Green tomatoes removed from the vine before frost and stored in a dry, cool place will usually keep until Christmas. If sufficient space is available the whole plant should be pulled up and where the tomatoes will not freeze.

IN REMEMBRANCE OF LITTLE SHERLEY ANN PRICE

On August 12 the death angel visited the home of Mr. and Mrs. Willie Price and claimed their darling little daughter, Sherley Ann.

She was born Oct. 7, 1929, was taken sick Aug. 11, suffering a short illness of toxine poisoning. As she was a very loving child, hands could do, but to no avail. God had a sweeter home in heaven for our dear baby where there will be no suffering. The Lord giveth and the Lord taketh our dear one in our home! Her tender voice was always singing so sweet. She has gone to sing with the angels in heaven. Oh, how deeply grieved we are to part with our loved one, but we can feel sure that little Sherley Ann is asleep in the arms of Jesus.

God called her out of a world of sin to a beautiful home on high to sing with the angels around God's throne. There we hope to meet her again, where the soul never dies, for we know that our dear baby is waiting for us in heaven, where we will meet in the sweet life and bye.

Oh, how we miss her sweet, smiling face for her home is a vacant place that can never be filled, but in our hearts the flower never fades.

Weep not, loved ones, for in heaven our Father has prepared a place for one and all. Oh, how grieved we are in our hearts, but some day we'll go to meet our loved ones where there will be no parting tears, sorrow nor pain.

What a great day of rejoicing when the burden of our hearts rolls away and we can meet our loved ones again!

She leaves to mourn: Father, mother, two brothers, Ray and Paul Price; one sister, Vivian Price, besides a host of relatives and friends. She was laid to rest in Zion Chapel cemetery, Rev. Jones officiating. Bonneau-Jeter had charges of arrangements.

CARD OF THANKS

We wish to thank our many friends for their kind sympathy during the illness and at the time of death of our darling baby, May God bless all of you and yours.

Mr. and Mrs. Willie Price and Family.

LIBERTY NEWS

September 22.

Dear Editor:

We wonder how everyone is doing this pretty September morning? This weather is so fine, the forest looks so fine; all it lacks is the tint of frost on the leaves to make them appear like Joseph's coat of many colors.

Oh, we are so busy out here in the sticks—some picking King cotton; many are gathering peanuts. The pickers are getting busy with the Spanish peanuts. In two weeks the runners will be ready to start on, but there is a lot of them to be gathered and labor is scarce. Then corn is to be gathered and fencible to be patched so we can get the hogs into the fields, woe to cut; so much to be done, and that awful war to be fought. It is time for everyone to get busy. If there is one about you who will not work report him and send him right off. It is our duty to see that there are no loafers.

I think everyone is doing fine at present. Mr. and Mrs. Thed Smith are doing very well at present. Mr. Tom Brooks was able to walk up to Liberty the second Sunday evening. He hardly ever falls. I guess he recalls that verse that reads like this: "Fall ship." Many of us forget that. This is the second week of school. In several ways it is a new school. We have Messers Hershel Taylor, Bascom Clark and Leamon Kilcrease as trustees. We think they are doing fine. We have as principal, Mr. Woodrow Pierce. Mrs. Bernice Brooks has 7th, 8th and 9th grades—8th grade, Mrs. Vivian Rowe; 5th grade, Mrs. Ruth Hawkins; 4th grade, Miss Mary Catherine Haire; 3rd grade, Mrs. Mary Hutchison; 2nd grade, Mrs. Ruby Clark; 1st grade, Mrs. Myrtle Lee Pierce. Miss Haire is the only one of the old teachers who have taught so long. Mrs. Brooke taught here several years ago; also Mrs. Ruby Clark. Mrs. Brooke was delighted to find some of her former pupils in the 8th grade. I felt kinda lost, as I had no one to go. We have had from 4 to 9 in school since 1903, quite 40 years, but my heart is still with the school. Let's all visit our school sometimes. It will help the children and will put new life in us.

Do not forget the old and sick. They will be glad to see you.

Best wishes to boys in the Army.

H. I. Bolland.

ELBA MUSIC LOVERS' CLUB STARTS NEW YEAR—

The Elba Music Lovers' Club held its first meeting of the new club year in the home of Mrs. W. M. Ringsdorf on Thursday afternoon with Mrs. R. L. Cooper serving as joint hostess.

An attractive arrangement of fall flowers was used in decorations.

The date of the next meeting to be held in the home of Mrs. J. W. Kendrick was changed and announced for a week later than scheduled in the club year book. Members were requested to bring all music belonging to the club to the next meeting. The year-books were presented and dues collected. Mrs. T. D. Kendrick, president, addressed the group and in her message outlined the plans for the year. The parliamentarian spoke briefly.

Mrs. J. A. Carley led the program and talked on "Nationalism, the Movement in General." Mrs. J. C. Fleming discussed "The Queen of American Pianists." Mrs. Arden Bradley played as a piano solo, "B Flat Mazurka" by Chopin; and Mrs. T. D. Kendrick, Mrs. R. L. Cooper and Mrs. W. C. Braswell rendered a vocal trio.

At the conclusion of the program a refreshment course was served by the hostesses to the following members: Mrs. J. A. Carley, Jr., Mrs. T. D. Kendrick, Mrs. George Collier, Mrs. J. A. Carley, Mrs. R. L. Cooper, Mrs. W. M. Ringsdorf, Mrs. J. C. Fleming, Mrs. W. C. Braswell, Mrs. Thelma Crawford, Mrs. Arden Bradley, and two visitors, Mrs. Louise Lovell and Miss Blanche Ray.

CPL. STEVE W. MADDOX WRITES FROM AUSTRALIA

Mr. and Mrs. B. C. Maddox, of New Brockton, have just received a letter from their son, Corporal Steve W. Maddox, with the U. S. Army. It is thought that he is in Australia, although his letter does not so state. We are sure the young soldier's friends will be glad to read his letter, so we are reproducing it here:

Somewhere in the Pacific, August, 1942.

Dear Mother and All:

Well, how are things back in New Brockton? Everything here is fine. I am getting along O. K. There is nothing for you to worry about. The only thing that is wrong is that I am kinda homesick. I certainly wish I could see you. I guess that will have to wait.

We had a very good trip. There was no excitement at all. I enjoyed it very much. We made two stops on the way over but the Army won't allow me to tell where. The people are very nice and friendly to us. They give us anything we want.

There will be lots that you will want to know, and that I want to tell you, but I can't. If you ever get a letter from me with part of it cut out you may know I said something that I shouldn't. I want you to send me the Montgomery Advertiser. It will take it a long time to get here but it will be good when it does. Mother, it is impossible to buy cigarettes over here, so I want you to send me some. They say you can buy them direct from the Company for 75c a carton and the Company will mail them. I guess Telle will know about that. Send a carton a week if you can.

How is everybody getting along at home? Tell them I said hello to them when I have time.

Mother, I am in no danger, so there is nothing for you to worry about. Please don't worry and write me as often as you can. I love you all.

Your Son, Wilson.

P. S. Let Virginia know you have heard from me.

Steve Maddox.

Mr. and Mrs. Harris Winston, who have made their home in Corpus Christi, Texas, for several months past, are spending a few days in Elba with relatives before going to Bellevue, D. C., where Mr. Winston will take special training in the Naval Research Laboratory. He has been in Naval service for a number of years and already has the rating of Chief Radio Mechanic. Friends are glad to have them home on a short visit.

Friends of Osborn Lubert will be interested to know that he expects to be assigned to a ship in the near future. This news came in a letter to his sister, Mrs. Jake Morrow, a day or so ago. Osborn enlisted in the Navy two months ago and has been in training at San Diego, California.

Mr. and Mrs. O. D. Rowe, of Enterprise, were Elba visitors on Monday.
